ANOTHER MRS. HOCH.

This Woman Claims to Have Lost Six Thousand Dollars.

CHARMED BY MANNER

Wife From New Jersey Says That He Spoke Nicely and Ardentely Kissed Her So Often She Placed Confidence In Him.

New York, Feb. 7.—Among the numerous women now coming forward in New York City claiming a man answering Johann Hoch's description married them several years ago is Mrs. Wilhelmina Rummeler of Carlstadt, N. J. She had not seen the prisoner up to Tuesday, but examined his pictures. Mrs. Rummeler claims to have lost \$6000 in her matrimonial venture and is now almost penniless.

"On May 27, 1903," she said, "I had a prosperous florist business in West Nyack, N. Y. A man applied to me for a job as foreman. He gave the name of Johann C. O. Schultz and said he came from Chicago. His manner of talking charmed me, and at last he proposed and I decided to become his wife. Twenty minutes after the ceremony my husband asked me if I had any money. I told him I had \$6000,

JOHANN HOCH.

and within the next week he had drawn it and told me he had just \$6000 more and he was going to put the \$12,000 in a safe investment. He spoke so nicely and kissed me so often I believed him. Every day he would go to the postoffice himself and returned with dozens of letters. He never allowed me to read any of them. On Dec. 22, 1903, Schultz disappeared. I heard later that he had been to Cincinnati and threatened to kill me if I did not keep silent. Since that day I never spoke of him. That man stole every penny I owned in the world and I was left alone with my three children to make my living."

ANOTHER ONE.

It Is Alleged This Party Has Married More Than Once.

Chicago, Feb. 7.—The Chronicle says: That there is another matrimonial juggler in Chicago like Johann Hoch may soon be established through a discovery just made by the police. This discovery incidentally necessitates checking off one of the many aliases claimed to have been used by Hoch, under which name he was reported to have married Mrs. Mary Schultz of Argos, Ind., in 1900, a woman who has never been seen nor heard of since the month after her marriage.

Albert Bushteborg or Buschberge is the name which Hoch was believed to have once used. The police have learned that another man, also a German, who advertised for wives in German newspapers on the Hoch plan, used this alias. This man is now in Chicago and is declared to be married to a woman who he met by means of an advertisement in the newspapers and through communication with employment agencies.

Inspector Shippy, who found Bushteborg and talked with him once, has begun an investigation into the Argos case. He is satisfied that Hoch never used the alias, and has evidence to prove that a man now under surveillance advertised and wrote letters to women in Chicago representing himself as Albert Bushteborg.

Curtailing the Hoch list of forty wives already has been begun by the police. When the process is over it is expected that there will remain about ten women who can be identified positively as having been married to Hoch.

MANLEY NO MORE.

Former Chairman of Republican National Committee Died Suddenly.

Augusta, Me., Feb. 7.—Joseph Manley, former chairman of the national executive committee of the Republican party, died suddenly at his home here Tuesday.

No Basis For Rumors.

London, Feb. 7.—Charge d'affaires of the Russian embassy informed the Associated Press that there is no basis for renewed rumors of peace prospects. The Russian attitude, he declared, had not changed. Peace could not be considered under present conditions.

BUSINESS IS STOPPED

Deplorable Conditions Brought About by the Weather.

POLES PROSTRATED.

Communication Between a Number of the Leading Cities of South Has For Many Hours Completely Been Cut Off.

Memphis, Feb. 7.—Storm conditions in western Tennessee, Mississippi, Arkansas, Louisiana and north Texas are the worst that these sections have experienced in years. Street car traffic in many cities is completely demoralized and business is reported to be practically at a standstill. Railroad trains are maintaining only irregular schedules and river traffic has been entirely suspended because of floating ice. The telegraph and telephone companies are accepting messages to many southern points subject to indefinite delay. Wires and poles are down in great numbers and gangs of workmen have been sent out to repair the damages as quickly as possible.

The Western Union and Postal Telegraph companies in Memphis have not had direct communication with Natchez and New Orleans for more than thirty-six hours.

In western Louisiana the demoralization to wires is complete. Baton Rouge, Lake Charles and Crowley are completely isolated and the newspapers were forced to issue their editions without one line of telegraph report. Night Chief Operator Vestal of the Western Union company in this city said that hundreds of telegraph poles had been rized to the ground in Mississippi, Louisiana and southwestern Arkansas.

"More than 250 men have been sent out to repair this trouble," said Mr. Vestal, "and several carloads of material have been shipped to the affected districts. The linemen are working under almost intolerable conditions."

SUN SHONE.

For First Time In a Week Old Sol Is Seen at Shreveport.

Shreveport, Feb. 7.—The sun shone in Shreveport for the first time in a week, and it was the first day in that time that the temperature registered over the freezing point. The sleet is rapidly disappearing, leaving the roads in a terrible condition. In many parts of this parish the roads are impassable and farmers are unable to come to the city. The recent spell of weather was the worst experienced in this section in many years.

Damage to Stocks.

Vicksburg, Miss., Feb. 7.—The worst spell of weather in twenty-five years set in here Thursday. Snow and sleet began to fall Friday morning, not ceasing until Saturday night, when a slow rain set in, freezing as it fell. Stocks of merchandise have been damaged not less than \$25,000 by snow and sleet breaking through defective roofs.

Practically Isolated.

Montgomery, Feb. 7.—Montgomery is practically isolated so far as wire service is concerned, the only outlet from here being Nashville. Local conditions, however, are by no means serious, telephone and street car service not having been interfered with.

RETURN TO WORK.

Two or Three Thousand Coal Miners Think Bill Satisfactory.

Berlin, Feb. 7.—Some 2000 or 3000 coal miners who struck in the Silesian district have returned to work, believing the government's bill now in preparation will readjust relations with employers. The government's proposed law limits the working day to nine hours in galleries where the temperature is about 70 degrees Fahrenheit, including time going in and coming out of the mines. In temperatures of 84 degrees Fahrenheit and higher only six hours a day is permitted. Within two or three years the nine-hour day is to be shortened to eight and one-half hours. About nine-tenths of the miners of Germany come within these provisions. Disallowing entire cars of coal because of the presence of foreign substances is to be forbidden. Fines may be assessed, but these must not exceed \$1 to \$1.50 per month. Overtime is to be paid for at the highest rate. Workmen's committees shall be recognized by mine owners as representing the men. Making the present condition of the miners worse in any particular than it now is, is forbidden.

Herr Sachle, a member of the reichstag, speaking at an immense meeting of miners at Essen Sunday, said the government's bill only concerned four out of fourteen demands of strikers and was not fully satisfactory.

DEFENDS HIS MOTHER.

Boy Blows Out Man's Brains Who Attacked His Parent.

Memphis, Feb. 7.—To release his mother from the clutches of a drunken man who was choking her, Lee F. Magnus, the fourteen-year-old son of Mrs. Ida Magnus, Monday afternoon placed a pistol against the head of Ward B. Ing, his parent's assailant, and blew out the man's brains. The

boy was placed under arrest, but several prominent city officials immediately gave bail for him and he was released.

Bramwell Passes Away.

New York, Feb. 7.—Joseph Bramwell, who is said to have amassed a fortune in the cotton trade by running the blockade of southern ports during the civil war, died at his home in Flushing, L. I., aged ninety-eight.

Surrender Themselves.

Washington, Feb. 7.—August W. Machen, former general superintendent of free delivery of the postal service, and Diller B. Groff of this city, both under sentence of two years' imprisonment and \$10,000 fine for postal conspiracy, have surrendered themselves to the United States marshal and were placed in a cell room of the city hall.

HAS NO POWER.

Board of Pardons Alone Can Act Upon the Matter.

Harrisburg, Pa., Feb. 7.—So numerous have been the requests from all over the country from people who want Governor Pennypacker to commute to life imprisonment the sentence of Mrs. Kate Edwards, who is to be hanged at Reading on Feb. 16, that it has been found necessary for the executive department to prepare a circular letter in answer to these requests. This letter quotes the state constitution to show that the governor has no power to commute death sentence to life imprisonment except upon the recommendation in writing of the board of pardons.

WEDNESDAY, FEBRUARY 8.

FORT WORTH HOG MARKET.

Texas Away Behind the Territories in Supplying.

The public will probably be interested in knowing that the number of hogs sold in Fort Worth in 1904 was 280,378.

Their value was . . \$2,651,000.00
Of this total, the amount that went to Oklahoma and Indian Territories was . . . 2,386,000.00

Balance to Texas . . \$ 265,000.00
The Fort Worth packers want 1,500,000 hogs in 1905, and they will buy them on the basis of the Kansas City market.

The figures quoted show how completely Texas got left by outsiders in supplying her home packeries. Surely this is argument enough to put the farmers of this section to thinking and planning to raise more hogs and better hogs.

Houston has struggled up out of the mud to enjoy her first fresh strawberries.

A woman has been jailed at Corpus Christi charged with kidnapping her own children.

It now develops that a floating repair shop has been turned out of the New York navy yard to follow our warships around and keep them in prime condition.

There is a hopeful note in the news from Russia that the assembly of nobles has petitioned the czar to permit representations from the people in discussing government measures.

WINTER EATING RUINS STOMACHS

"Now Is the Time You Need Mi-o-na," Says E. J. Jenkins.

Think for a moment of the extra strain you put upon the stomach in the winter. The hearty food, the late suppers, and the lack of exercise and outdoor life all weaken and strain the stomach, laying the foundation for poor health and suffering. Chronic stomach troubles, nervous irritability, and serious bowel and kidney diseases have often dated from a week of extra "good living." Nearly everyone is bothered with more or less headaches and back aches, furred tongue, poor appetite, dry, hacking cough, heartburn, spots before the eyes, dizziness or vertigo, sleeplessness, lack of energy, loss of flesh or a general weak, tired feeling. Now is the time when Mi-o-na is needed to repair the ravages and wastes the hearty eating of Winter has caused in the stomach and digestive system. This is the only known agent that strengthens the stomach and digestive organs, so they can and will readily digest whatever food is eaten. A Mi-o-na tablet taken before each meal will remove all irritation, inflammation, and congestion in the digestive organs, and so strengthen them that they will extract from the food all that goes to make good rich blood, firm muscle, and a sound, healthy body. This remarkable remedy costs but 50 cents, and if its use does not restore your full vigor, vitality, and health, E. J. Jenkins, one of the best known druggists in this section will refund your money. Unbounded faith like this deserves your confidence.

GOMPERS CONSISTENT.

Acknowledged That All His Clothing Bore Union Labels. Bloomington, Ill., Feb. 7.—When Samuel Gompers, president of the American Federation of Labor, finished his speech of thirty minutes to the National Tailors' convention a delegate named Herman Nehus of Pitts- dought as to whether Mr. Gompers was wearing clothes with a union label and moved that a committee be appointed to investigate. The motion caused a storm of protests, but Gompers quieted the delegates and suggested to the convention that Nehus be appointed a committee of one to investigate. The convention shouted its approval and Gompers advanced to the front of the platform and pointing to Nehus urged him to come forward, at the same time opening his coat as if to display a label. Nehus remained in his seat and the delegates yelled in derision. Mr. Gompers then acknowledged that every article of clothing he wore bore a union label.

FORAKER OPPOSED.

Ohio Senator Spoke Against Joint Statehood Bill.

Washington, Feb. 7.—When the senate convened Monday Mr. Stone presented a memorial from the Missouri legislature for the enactment into law of the president's recommendation for the enlargement of the interstate commerce commission.

The joint statehood bill was then laid before the senate and Mr. Foraker spoke in opposition to the striking out of the portion of the bill relating to Arizona and New Mexico. His opposition to the bill was based upon the consolidation of Arizona and New Mexico into one state. While he did not indorse all the details of the provision for the union of Oklahoma and Indian Territory, he was willing to ac-

SENATOR JOSEPH B. FORAKER.

cept it. In closing, Mr. Foraker made an appeal for the admission of New Mexico and Arizona as two states. A bill was passed adding to the state of Arkansas a small strip of land in Fort Smith, now in Indian Territory.

At 2 o'clock the senate convened as a court to receive the replication of the house of representatives to Judge Swayne's answer in the impeachment proceedings against him. This was presented to the house managers who were present, together with counsellors Higgins and Thurston, in behalf of Judge Swayne.

The ceremony consumed ten minutes. At its conclusion the court adjourned until Friday, the 10th, and when the executive session was resumed, Mr. Beveridge took the floor to make the closing speech in the long debates on the statehood bill. He advocated the passage of the bill as reported by the committee on territories which provides for the creation of two states out of the four remaining territories.

DEBATE BEGINS.

Interstate and Foreign Commerce Commission Up for Discussion.

Washington, Feb. 7.—Following weeks of hearings and condition by the interstate and foreign commerce, as well as urgent recommendations of the president on the subject, the house Monday began debating proposed legislation looking to the regulation of railway freight rates. This action was taken only after determined opposition by the Democrats, led by John Sharp Williams, the minority leader, to the adoption of a rule which would shut out opportunity to amend the bill.

Two Republicans, Messrs. Southwick and Vreeland, of New York, voted against the rule, and one Democrat, Dr. Gaines, Tennessee, voted for it. Otherwise party lines were tightly drawn. The rule was adopted.

Some Texas Items.

Washington, Feb. 7.—Features of the river and harbor bill are items for a channel from the mouths of the Sabine and Neches river to Taylor's bayou, in Sabine lake; \$411,500 upon the obtaining of a right of way for the channel without expense to the government; for the improvement of Brazos river, \$75,000, upon a report as to the practicability of certain improvements in that stream; for the improvement of Trinity river, \$161,287, upon the payment of \$66,000 by the "outside parties."

BARTENDER DEAD.

Shooting Resulted From an Attempt to Stop a Disturbance.

Memphis, Feb. 7.—A special to the Commercial Appeal from Greenville, Miss., says that as a result of a shooting that occurred at a hotel there, John Richardson, a bartender of the house, is dead, and a drug clerk from Leland named Jordan is badly wounded. J. C. Hyde, a bookkeeper, also from Leland, who was a participant in the affair escaped uninjured. The shooting, it is said, grew out of an attempt of the barkeeper to quiet a disturbance in which Jordan, Hyde and two women were engaged.

ABOUT TO COLLAPSE.

House Where Juliet Lived When Romeo Told of His Love.

New York, Feb. 7.—The historic house where, according to tradition, Juliet dwelt when she was wooed by Romeo, is in danger of collapse, says a Herald dispatch from Verona. One of the walls is cracked and repairs are being made, but it is feared that the house is doomed.

At a Standstill.

St. Petersburg, Feb. 7.—Military operations in Manchuria continue at a standstill. No importance is attached by the war office to the Japanese movements on the Russian center and left, which are regarded as merely demonstrations.

Indefinitely Postponed.

Little Rock, Feb. 7.—The senate, 18 to 9, indefinitely postponed Senator Toney's bill permitting Sunday baseball games in cities of the first-class in this state.

The society columns of the state papers Sunday gave attractive accounts of the card party given by Misses Lucy May and Jessie Johnson at the home of Mrs. J. B. Kennard in Gonzales, where Misses Johnson are teaching. The pen-work score cards of Miss Jessie Johnson were much complimented.

ATTEMPT TO BREAK JAIL.

Prisoners Make an Attempt to Dig Out Through Cell Floor.

An attempt to break jail on the part of some of the colored prisoners has been discovered by Sheriff Nail and Deputy Sheriff Jno. D. Conlee. An irregular shaped hole had been cut in the iron floor of one of the cells, under a bunk, where the iron was rotted out to some extent. The piece was partly cut loose and bent back, and other pieces were being cut away in the same fashion. As soon as the hole could have been made large enough for a man to crawl through, the work of digging through the dirt and cement and out into the runaround would not have been difficult. The work was done with the sharp edges of a fragment of iron about five inches long, believed to have been secured from the jail floor. A thorough search of the prisoners and their bedding was made and the iron grating carefully tested, but no additional discoveries were made. Prisoners are usually treated as well as they allow themselves to be, and this is the policy of the local officers, but they are not disposed to temporize with such monkey business as jail breaking.

Rev. Joseph Sherrin, who preached at St. Andrews' Episcopal church Monday night, returned to Dallas yesterday. Dr. Sherrin came in response to an invitation, and was greeted by a good sized congregation in the face of the exceedingly bad weather. His sermon was well received, and it is probable the church will extend a call to him. Dr. Sherrin, who is at present rector of the Church of the Incarnation, Dallas, is a most affable and pleasant gentleman, a man of broad learning and mature judgment. His coming would be a notable advantage to the community at large, as well as to the Episcopal church. Dr. Sherrin was well pleased with Bryan, notwithstanding he could hardly have seen the city under less favorable conditions.

The committee of the Brazos river bridge company, appointed to confer with the commissioners' court regarding the sale of the bridge to the county, has held a meeting and fixed Tuesday, Feb. 14, as the date to go before the court. The Eagle earnestly hopes this matter can be satisfactorily arranged, and believes it to be one of the most important forward movements for the good of the town and country that has been proposed for a long time.

Mr. Frank E. Stevens, a prominent young business man of Coleman, Texas, and Miss Adelia Tabor of this city will be united in marriage today at the home of the parents of the bride, Mr. and Mrs. R. G. Tabor, and will leave by the afternoon train on the Central for Waco to visit relatives before proceeding to the groom's home. Mr. Stevens arrived in the city yesterday afternoon.

Dr. S. P. Brooks of Waco, president of Baylor University, will occupy the pulpit at the First Baptist church in this city Sunday at 11 o'clock, his visit being in the interest of the University endowment fund. Prof. W. C. Davis is making an effort to have Dr. Brooks lecture at Carnegie Hall on Saturday night. Dr. Brooks is a finished orator.

E. J. Fountain & Co. have just received:

WEST SIDE SCHOOL ASSURED.

A Light Vote Cast with Little Opposition Developed.

The issue of \$6000 bonds to erect a public school building for white children on the west side of town was authorized yesterday by vote of the tax payers of the city, and it may truly be said that Bryan took a long step forward in her development, a step that shows that she is fully alive to her growth as an educational center, and realizes that the public schools must keep pace with such development, and provide larger facilities looking to present necessities and future growth. The school board, having taken the initiative in the matter, is to be congratulated upon the outcome, and on the other hand the board must feel grateful for the support of its policy received from the citizens of Bryan, who did the best day's work for the old town that has been done in a long time.

The vote was as follows: For bond issue, 142; against, 9. The lightness of the vote is attributable to the weather and to the fact that it was generally conceded the proposition would carry easily.

The Eagle has been requested to state that the race meet announced at the Central Texas Fair grounds this afternoon has been postponed on account of the weather and condition of the track until a more favorable time, date to be announced later.

Mrs. J. W. Doremus and Miss Hettie Smith of Bryan, who have been visiting Mrs. Ed Hoffman at the Exchange Hotel, have returned home. They were the recipients of many social courtesies during their stay.—Brenham Society in Galveston News.

Capt. Howard Cavitt announces that there will be no meeting of the Bryan Light Guards to-night on account of the weather. The meeting is postponed until next Wednesday night when the election of a first lieutenant will be held.

Just received at Norwood's, flaked mohair in all the new shades, 36 in., 50c per yard. 55

Mill Remnant sale still going on at Wagner & Brandon's. 56

DEPOSITORY BILL.

Measure Was Special Order in Upper House of Legislature.

Austin, Feb. 7.—The special order in the senate Monday was the bill of Senator Hawkins, creating state and county depositories.

Senators Willacy and Beaty offered an amendment providing that the sureties on the bond of the state treasurer and county treasurers shall not be released or relieved of any responsibility where any depository fails to pay on demand.

After much discussion the bill went over. Senate in executive session confirmed W. B. Anderson as purchasing agent.

Senate considered Senator Hanger's bill recognizing osteopathy and creating a state board of examiners.

Senator Harper had an amendment Senator Harper had adopted an amendment providing that regularly licensed physicians may practice osteopathy if they so desire.

A number of bills were introduced in the house.

House committee on state affairs reported favorably house bill by Messrs. Kennedy and Roberston, providing for the investment of permanent school fund and available fund in treasury warrants and other designated securities at discount of not less than one-half of 1 per cent.

MOTHER IN JAIL.

Charged With Kidnapping One of Her Own Children.

Corpus Christi, Tex., Feb. 7.—In the jail of this county Mrs. Lula Dale is incarcerated on the charge of kidnapping her own children. The complainant is her divorced husband. Up to a short time ago Mrs. Dale was conducting a boarding house and laundry at Gingville, this county. Her former husband appeared and demanded their two little girls. She fled with them to Atascosa county. The man swore out a warrant charging kidnapping and she was brought back and arraigned before the justice of the peace at Kingsville. The latter bound her over to await the action of the grand jury and in default of bail Mrs. Dale was remanded to jail. In the meantime the Kingsville constable is caring for the children. An effort is being made to secure her bond.

FOR GOOD ROADS.

Organization Formed at Dallas and the Officers Chosen.

Dallas, Feb. 7.—The Dallas County Good Roads association was organized here Monday and the following officers elected: President, Dr. A. W. Carnes, Hutchins; secretary, R. R. Ellis, Lancaster; treasurer, J. M. Cochran, Dallas. Two vice presidents at large and one for each precinct were elected. It was decided to have meetings in each precinct and form a thorough organization.

President Moore and Organizer Loucks of the National Good Roads association made addresses Monday night and presented illustrated views of noted roads.

MONEY IN DRAWER.

Six Hundred Dollars in Greenbacks Discovered by Workmen.

Rockport, Tex., Feb. 7.—The Tarpon club house is being torn down and removed to the Alta Vista hotel site near Corpus Christi. While removing the furniture one of the workmen opened a drawer in a bureau, which occupied a place in the poker room, and found a roll of \$600 in greenbacks. Not knowing to whom it belonged, Captain Wainwright, who had charge of the premises, sent it to Colonel L. E. R. Green for safe keeping until the rightful owner calls for it.

Opera House Burns.

Clarksville, Tex., Feb. 7.—Trilling opera house and a two-story frame building burned. The opera house was valued at \$3000. Performances were held on the lower floor, the upper story being used for bedrooms by the Spear hotel.

SALOON DUEL.

One of the Participants Was Shot Perhaps Fatally.

Memphis, Tenn., Feb. 7.—In a pistol duel in an untown saloon between two local stock dealers, Albert Dunn was shot through the body and perhaps fatally wounded by T. M. Barrett, and the negro porter of the saloon received a stray bullet in the mouth, which passed through his cheek, causing a painful flesh wound. Dunn had fired three times at Barrett, so witnesses assert, before the latter closed in on his adversary and shot him him. The cause of the quarrel which preceded the shooting has not been disclosed. Barrett has been placed under arrest. Both men are married. Dunn's wife residing in Nashville and Barrett's in Kansas City.

FITZGERALD DIES.

Well Known Railroad Man and Youngest Confederate Major.

Denver, Feb. 7.—Edwin Fitzgerald, assistant general freight agent of the Southern railway system, died in this city Monday night after a severe attack of grippe, from which he was suffering when he arrived here about a week ago. Mr. Fitzgerald was a well known railroad man and fought through the Civil War on the Confederate side. He was the youngest major in the Confederate army.

To Be a Deputy Marshal.

New York, Feb. 7.—United States Marshal Henkel announced that William H. Masterson, known as "Bat" Masterson, will be appointed a deputy United States marshal for this district. Masterson was town marshal of Dodge City, Kan., and sheriff of Ford county in that state in the "old bad man" days and made a reputation for dealing with lawless characters with a stern hand.

I SELL PAPER.

I wish to thank my friends and patrons for the liberal patronage the past season and to assure one and all that I am better prepared to sell wall paper than ever. I have the agency for two mills and one Houston firm. I represent one of the largest mills in the world, the only mill having its own raw material mills. I will show the largest and handsomest variety of wall paper ever seen in Bryan at 25 to 50 per cent less than dealers' prices. I will appreciate your business and give you first class work at moderate prices.

"Down by the Rio Grande"

The Annual Event
of Two Nations:
Yaqui-George Washington
The "Laredos."

Some years since the citizens of Laredo, Texas, and Nuevo Laredo, Mexico, conceived the idea of annually celebrating the birth of George Washington's Birthday (February 22) by suitable "Mexican-American" fiestas and parades, and from a small source this has grown to a MAGNIFICENT ANNUAL EVENT, unsurpassed in its splendid surroundings and interesting particulars by anything of a similar nature.

Internationally its character, located on the border line between the Great Republics, occurring at a season of the year when business ceases, presents dignity, and at a time when weather conditions and in that locality are ideal, this event offers unsurpassed inducements to the pleasure seeker.

This year the festivities will consist of four days' continuous festivities, February 21st, 22nd, 23rd and 24th, and the program, which is very elaborate, will comprise many new and interesting features, among which may be mentioned FAMOUS SPANISH BULL FIGHTS, FOOT BALL, BASE BALL, COCKING MAIN, torchlight parades, embodying typical Mexican and Indian features, Naval fire works on Rio Grande River, a spectacular reproduction of Gen. Washington crossing the Delaware. Military drills and display evolutions. Historical Pageants and Trades-Display, Flower Carnival, U. S. and Mexican Troops and Bands.

For this occasion low excursion rates will be in effect to Laredo, also for the benefit of those who desire to see more of Mexican life and customs, arrangements have been made for the sale of excursion tickets to MONTERREY, MEXICO, with ten (10) days' limit, permitting stop over at LAREDO in order to witness the International Celebration.

For further particulars, call on ticket agents, or write

The Mistrot place in south part of town. Eight acres and a two-story 8 room house. Bath room with hot and cold water, two underground cisterns and water-works. All necessary out houses. Price \$3,500.

TOOK UP AMENDMENTS.

Senate Considered and Voted on the Statehood Measure.

Washington, Feb. 7.—Under the agreement previously reached the senate entered upon consideration of amendments offered to the joint statehood bill immediately after convening Tuesday. The agreement provided that the entire day's debate be given to consideration of amendments to the bill under the ten-minute rule and that a vote should be taken upon all amendments and upon the bill itself prior to adjournment of the day's session. The first amendment considered prohibits the sale of liquor in Indian Territory for ten years. By a vote of 53 to 20 the Gallinger substitute prohibiting the sale of liquor for twenty-one years was adopted.

TAYLOR ARRESTED.

Charged With Being Implicated in a Swindle at Nacogdoches.

Chicago, Feb. 7.—Charles F. Taylor, business partner of Mrs. Alice Webb Duke, has been arrested at this office here, charged with being a fugitive from justice. He is alleged to have been implicated in a swindle at Nacogdoches, Tex., involving \$3000.

Taylor denies the truth of the charge and says he will make a fight against being taken to Texas. A telegram was received by the police from S. M. Adams of Nacogdoches, stating that requisition papers had been issued for Taylor and that Adams would leave for Chicago at once. The warrants upon which Taylor was arrested were sworn out by E. A. Blount, an official of a bank at Nacogdoches.

SEVEN SLAIN.

It Is Stated the Men Were Killed For Returning to Work.

Warsaw, Feb. 7.—Seven men were killed here Tuesday by strikers in bakeries and elsewhere where attempts were made to resume work. Many arrests have been made. Prices of provisions have gone up.

Peasants are afraid to bring in their produce. Strikers attempted to bring out employees of the electrical plant asylum for lunatics, but the doctors succeeded in pacifying the men.

According to a report from Radom twenty workmen have been killed or wounded in strike disorders there, while at Skarszysko twenty-four are reported to have been killed and forty wounded. Grave trouble is reported at Kutno. Troops have been sent to Kutno from here.

WAS ASSASSINATED.

Prosecutor of Finland Did Not Escape Fire of Young Men.

Helsingfors, Finland, Feb. 7.—The assassin of Soisalon Soitinen, procurator of Finland, who was shot and killed Monday at his residence by a young man dressed in an officer's uniform, has been identified as Karl Leonard Hohensthal, formerly a student at the Imperial Alexander university here. Hohensthal, who recently lived at Stockholm, returned to Finland Jan. 13. He maintains an obstinate silence under examination. Senator Akerman, who assumed the duties of procurator of the senate, is directing the investigation of the crime. The wounds inflicted on the assassin by the son of Soitinen are not of dangerous character.

FEW WORKING.

Men Say They Do Not Want to Be Shot Down From Street.

Lodz, Feb. 7.—Factories opened Tuesday, but scarcely any workmen appeared. At one factory the men worked until lunch time and then left and refused to return, saying they did not want to be killed by bullets from the street fired through the door. Another factory abruptly ended work. The situation appears to be growing worse and the critical time is expected Feb. 9, the date on which some of the largest manufacturers have decided to pay their employees the balance of their wages, dismissing them and shutting down the mills indefinitely.

The strikers are becoming more and more aggressive. Tuesday morning some forcibly entered a mill and destroyed machinery.

GROWING WORSE.

Business Almost at a Standstill and Food Is Scarce.

Batoum, Caucasus, Feb. 7.—The strike situation here is growing worse. Business is practically at a standstill, although some steamers have succeeded in getting away. Food is becoming more scarce. The military governor has issued a proclamation warning the inhabitants against assembling in crowds.

Is Unfounded.

Berlin, Feb. 7.—The Tageblatt has printed a report to the effect that Emperor Nicholas recently found in his study a letter threatening him with assassination. An investigation of the rumor elicited the semi-official statement that it was unfounded.

Bayonetted Sixty Japs.

St. Petersburg, Feb. 7.—General Kuratkin reports that a detachment of Cossacks commanded by Prince Magaloff attacked a village occupied by Japanese on the night of Feb. 5. They bayonetted sixty men and retired without sustaining any loss.

Thousands Out.

Charleroi, Belgium, Feb. 7.—It is announced that 22,957 miners out of 39,442 employed in the collieries in this district are now on strike.

Ginning Statistics.

Washington, Feb. 7.—A report issued by the census bureau shows the quantity of cotton ginned from the growth of 1904 to Jan. 16 to be 12,767,600 bales, counting round bales as half bales. These consist of 12,524,777 square bales, 289,027 round bales and 98,110 Sea Island bales.

How a Chinaman Smokes.

Of all smokers the Chinaman goes to the greatest trouble and obtains the least result. "He carries," says an observer, "a little box almost twice the size of an ordinary silver cigarette case. This is half filled with water. In one end is a removable tiny tube to serve as a pipe. At the other end is the pipemut. First of all he takes out the tube and blows through it to remove all blockage. Then he fumbles through his awkward clothes, searching for tobacco, and produces a bit of rag, in which it is wrapped. Carefully he extracts a wad of tobacco, puts away his rag and slowly plugs the tube, which holds perhaps the tenth part of an ordinary cigarette. But he never has any matches, so he has to borrow or hunt out a brown paper stem and light it. It glows for a long time and can be puffed into flame again. He gives a long draw, slowly enjoying it to its full extent for a minute or two, then back again through the old routine to find his tobacco, fill his pipe and get it lighted."

Remarkable Escapes.

One of the most remarkable escapes from drowning on record was that of a man whom a wave picked off from a vessel, washed into the sea off Lundy Island, near the Devonshire coast, England, and then returned to his ship. But it was not so remarkable a case as that which is suggested by an epitaph said still to exist in Jamaica: "Here lieth the body of Lewis Gaidy, Esq., who died on the 22d of September, 1737, aged 80. He was born at Montpellier, in France, which place he left for his religion and settled on this island, where in the great earthquake, 1672, he was swallowed up and, by the wonderful providence of God, by a second shock was thrown out into the sea, where he continued swimming until he was taken up by a boat and thus miraculously saved. He afterward lived in great reputation and died universally lamented."

"Esquire" and "Gentleman."

The words "esquire" and "gentleman" are among those which fall from our lips daily, and yet most of us would be rather puzzled to say in precise language what we mean by them. In a county court case a schoolmaster was ruled out of the "gentleman" list. Legal distinctions on the point have been anomalous. The following are not "gentlemen": A buyer of silks, a solicitor's clerk out of regular work, a commission agent and an audit office clerk. On the other hand, the following have been held "gentlemen"—viz. one following country pursuits and a sleeping partner in some business, a medical student, a dismissed coal agent out of work and a person living on a parent's allowance.—London Law Times.

A Curious Advertisement.

An old London paper contains the following curious advertisement: "Wanted, a man between twenty and thirty years of age to be a footman and underbutler in a great family. He must be of the Church of England and have had the smallpox in the natural way. Also a woman, middle aged, to wait upon a young lady of great fashion and fortune. The woman must be of the Church of England, have had the smallpox in the natural way, very sober, steady and well behaved and understand dress, getting up lace and fine linen and doing all things necessary for a young lady that goes into all public places and keeps the best company. Inquire of the printer of this paper.—Oct. 1, 1774."

The Madness of War.

So wars are begun by the persuasion of a few debauched, harebrained, poor, dissolute, hungry captains, parasitical fawners, unquiet hotspurs, restless innovators, green heads, to satisfy one man's private spleen, lust, ambition, avarice, etc. Flos hominum, proper men, well proportioned, carefully brought up, able both in body and mind, sound, led like so many beasts to the slaughter in the flower of their years, pride and full strength, without all remorse and pity, sacrificed to Pluto, killed up as so many sheep for devil's food, 40,000 at once.—Burton's "Anatomy of Melancholy."

Gory Dew.

In appearance gory dew is a dark red, slimy film, which is frequently seen on damp walls and in shady places. It is in reality one of the lowest forms of vegetable life and is closely allied to the plant to which the famous phenomenon of red snow is chiefly due. Its botanical name is *Palmella cruenta*. At times patches of it may become quite large, and it will develop into a tough, gelatinous mass.

Ungrateful.

"Some people never thank you, no matter what you do for them," said a small boy. "A fellow put a bent pin on the teacher's chair the other day, and when the teacher was about to sit down I pulled the chair out from under him to save him from the pin, and if he didn't lick me for it!"

Well Shaken.

"That's very strange about those chickens of mine."

"What's the matter with them?"

"Why, ever since your dog chased them all over the garden they have been laying nothing but scrambled eggs."

Ambition Gratified.

First Bookworm—Well, I'm working on a file of newspapers now and am entirely satisfied. Second Ditto—You always did have a sneaking ambition to get into the papers.—New Orleans Times-Democrat.

The most terrible obstacles are such as nobody can see except oneself.—Elliot.
